

RED COATS IN RETREAT

British Evacuate Colenso
and Speed South Fast
as Possible.

COLESBURG IS TAKEN

Boers Seem to Have the Best
of the War All Along
the Line.

BURGHERS MAKE PROGRESS SOUTH OF ORANGE RIVER.

Persistent Rumors Current in European
Capitals That the Boers Have Captured
Ladysmith and Have Taken
the Whole of Gen. White's Army as
Prisoners of War—British Are at
Least Hemmed in So That Escape
Seems Impossible—Capture of Co-
lenso Means That Ladysmith is
Completely Surrounded.

London, Nov. 4.—[Special Cablegram
to The Gazette].—The colonial office is
in receipt of a message saying that
Colenso has been evacuated by the
British who are withdrawing south.
Colenso is twenty miles from Ladysmith.
The British are also withdrawing from
Key Point to the line of Gen. White's
probable retreat.

British Also Capture Colenso.

Cape Town, Nov. 4.—[Special Cable-
gram to The Gazette].—The occupancy
of Colenso by the Boers, is admitted
officially. Colenso is just south of
the Orange Free state in Cape Colony
and is an important town, not over one
hundred miles from Deonar, where Gen.
Buller expects he will begin the great
campaign to take Pretoria. The pro-
gress of the Boers south of the Orange
river excites serious apprehensions
here.

Rapidly Encountered a Storm.

Liverpool, Nov. 4.—[Special Cablegram
to The Gazette].—The British transport
Rapidan with troops for South Africa
was forced to return here to repair the
damages sustained in a heavy storm
when two days out. Many of her boats
were smashed and horses killed. She
will resume her voyage as soon as pos-
sible.

Situation is Indeed Serious.

London, Nov. 4.—[Special Cablegram
to The Gazette].—The Pall Mall Gar-
zette's Cape Town special says that the
Natal situation is indeed serious. That
the Natal situation is serious has been
admitted by Englishmen since the dis-
aster to White's left last Monday. The
fact that Ladysmith was besieged was a
pill hard enough to swallow, but now
there is not one man in one hundred but
believes that White is completely bot-
tled up.

Attention is called to the fact that
White was to send a list of the dead and
wounded in the disastrous fight at Nich-
olson Nek immediately after his descri-
tion of how the disaster occurred, but
although the anxiety all over England
to see this list is poignant, not a name
has come from White.

Nothing was received today to allay
the dread that the Boers have not only
cut the wires south of Ladysmith but
have also ripped up the railroad con-
nection with the coast.

The continental reports of a second
engagement at Ladysmith is believed in
many quarters to refer to the fight at
Colenso for the possession of the Tugela
river bridge.

A long siege of Ladysmith is scouted
by military men. Gen. White is sitting
on a pile of military stores which the
Boers want more than they do White.
Before he can make inroads on these
stores the Boers will mix in and if vic-
torious they will take the stores back of
the frontier to make strong the men who
are going to face Buller.

Boers South of Ladysmith.

Ladysmith, Nov. 1, via London, Nov.

ently mounting more heavy guns to
the north and northwest. These are
likely to give trouble. Fifteen hun-
dred Boers are streaming southward
of the town.

hold its own if Gen. White will be con-
tent to remain strictly on the defensive.

There is no news of importance from
any other place in South Africa, nor is
there any indication that the rigors of
the censorship will be relaxed.

The Graphic's correspondent at Se-
bastopol reports unusual activity in
naval quarters. Admiral Fournier of
the French navy arrived the other day
and has since been joined by Capt.
Montferand, the French naval at-
tache at St. Petersburg. They confer
daily with Admiral Tyrtov, the com-
mander of the Russian Black sea fleet.
It is now reported that the latter fleet
will be mobilized at its full war
strength.

The Standard's correspondent at
Rome says the reports of impending
complications in the Mediterranean
are unfounded. All the powers will
maintain absolute neutrality.

A dispatch to the Telegraph, dated
Oct. 31, says that all is well at Kim-
berley. The siege is uneventful. Kim-
berley advices of Oct. 29 say that Boers
were arriving near the city, presuma-
bly from Mafeking.

ARRESTED MAN SUES FOR \$3,000 DAMAGES

ATTORNEY J. J. CUNNINGHAM
HAS CASE IN CHARGE.

His Client is a Resident of Edgerton
Who Says That the Marshal Acted
Too Hastily—Received Cut Over the
Eye—Case May Be Aired in Janes-
ville.

Attorney J. J. Cunningham, of this
city, has served papers in a damage suit
brought against city Marshal Geo. Rea,
by Henry Goody, of Edgerton. The
affair grew out of the arrest of Goody a
few weeks ago upon the charge of
drunkenness and disorderly conduct.
Defendant and plaintiff reside in Edger-
ton.

In making the arrest the marshal used
some force it was alleged and Goody re-
ceived a cut over one eye, which is the
basis of the suit now started. When the
trial for the offense came up in Justice
Smith's court, a dismissal of the charge
against Goody was entered on account
of some defects in the papers. Attorney
Cunningham looked after the inter-
est of the plaintiff and after getting his
client discharged was employed to bring
an action against Marshal Rea. The
price of damages is set so high that the
marshal will hardly settle outside of
court and probably Goody would come
down some if he could be sure of get-
ting his money all in a lump. Marshal
Rea says he is not losing any sleep on
account of the suit so far at least.

NEW MUSICAL ORGANIZATION

All Souls Congregation Effects Organi-
zation of a Church Choir.

The All Souls church has effected a
musical organization for their church
services which will enter upon its work
next Sunday with special music for both
services. Mr. George G. Paris has been
chosen its leader, and has selected the
following singers: Soprano, Miss Etta
Sargent; alto, Mrs. A. G. Wilson; tenor,
William Garbutt; bass, G. G. Paris; or-
ganist, Mrs. Wallis.

SERVANT GIRLS ARE SCARCE

Some Are Being Paid as High as Five
Dollars a Week.

Hired girls are scarce in Janesville
these days. Housekeepers are well
aware of this, and have been for the
past three months. In several local fam-
ilies girls are being paid as high as
four and five dollars a week. The situa-
tion promises to be worse when the leaf
tobacco warehouses open for the winter.

Yet Hope for Coalition.

Paris, Nov. 4.—Men well informed
in political centers maintain that the
apparent neutral attitude of the Ger-
man emperor is only a bluff to let
Great Britain get well into the Trans-
vaal difficulties, and then act in
concert with France and Russia, and
that the German emperor is the most
bitter against Great Britain of the
three nations. The propositions for a
rapprochement and coalition, they as-
sert, come directly from him, and not
from France or Russia.

Death in a New York Fire.

New York, Nov. 4.—Fire destroyed
the Manhattan Bedding Company's fac-
tory building at 94 to 98 Mott street.
Friday afternoon. Heroic rescues and
hairbreadth escapes were features. In
spite of the bravery of the firemen and
policemen and of volunteers one life
was lost, two men are missing and are
supposed to be dead, and several men
were badly hurt, one of them probably
fatally. The property loss is estimated
at \$500,000.

Settling Samoan Affairs.

London, Nov. 4.—The Berlin cor-
respondent of the Times says he hears
on reliable authority that the negotia-
tions regarding Samoa are proceeding
favorably and may be concluded any
day.

Boers South of Ladysmith.

Ladysmith, Nov. 1, via London, Nov.
4.—This morning the Boers are appar-
ently mounting more heavy guns to
the north and northwest. These are
likely to give trouble. Fifteen hun-
dred Boers are streaming southward

CONGRESS TO VOTE FOR AMERICAN RULE

PROMPT SUPPORT OF M'KIN-
LEY'S POLICY ASSURED.

Report of Philippine Commissioners
Will be Adopted Including a Joint
Resolution That the Islands be Re-
tained in the Possession of the
United States.

Washington, D. C., Nov. 4.—Presi-
dent McKinley intends to appoint a
civil governor for Cuba. This state-
ment is made on the authority of men
who have discussed the question with
the president. He said to several of
these men that he intended to appoint a
civil governor for Porto Rico, and that
he would make both appointments be-
fore congress meets. Both these gov-
ernors will be Americans, men who are
known in Washington, and who have
had experience in public affairs, and who
know much of the political situation in
the islands.

Discussed by the Cabinet.

The proposition to make this change
is so novel that the report is not be-
lieved by members of congress and oth-
ers who have given much attention to
the Cuban situation, but the statement
of the president's intention is made by
those who have discussed it with him
and with members of the cabinet.

Should this change be made, General
Brooke, the present governor general of
the island, will return to this country,
as he would not be eligible to the posi-
tion of civil governor because he is one
of the three major generals in the regu-
lar army, and for the same reason his
rank is too high to leave him in com-
mand of a small military establishment
in the island without the additional
rank of military governor.

It is said that this change is not con-
templated because of any dissatisfaction
with General Brooke, but solely for the
purpose of beginning a civil government
in Cuba under the guidance of the
United States.

Three Names Considered.

There are many names before the
president for this important appoint-
ment. But it is believed that he will se-
lect one of these three—General James
H. Wilson, General Leonard Wood, or
William Ludlow. They are all brigadier
generals in the volunteer army in Cuba.
General Wilson is governor general of
the provinces of Santa Clara and Matanzas.
General Wood is governor general of
Santiago, and General Ludlow is
governor general of the city of Havana.
They have all had much experience in
dealing with the Cubans, and Generals
Wood and Wilson have recommended
civil government but with military pro-
tection. So has General Fitzhugh Lee,
but it is said that he has no ambition to
become civil governor of Cuba.

GEN. LAWTON ACTIVE

Capt. Chase Takes Bongabong and Cap-
tured a Large Quantity of
Equipment.

Manila, Nov. 4.—[Special Cablegram
to The Gazette].—Active operations near
Tarlac continue. Captain Chase with
troops of the Third and Fourth cavalry
took Bongabong without much resist-
ance. The insurgent left much equip-
ment behind. The attack at Bongabong
to the north and far to the eastward of
Tarlac betrays the great scope of Gen.
Lawton's northern movements.

ADJOURNED TILL NOVEMBER 11

Committee of Three Met Yesterday to
Talk Over Damages.

Yesterday the committee of three met
for the purpose of appraising the damages
done to certain North Main street
property by the laying of a side track
along the east side of North Main street
between Fourth avenue and Peace
Court. An adjournment was taken till
November 11. The committee was ap-
pointed by Judge Bennett and is as
follows: J. C. Echlin, J. L. Bear and
E. S. Cleland.

Troops Leave Aprimah.

Sydney, N. S. W., Nov. 4.—Tremendous
enthusiasm was displayed on the
occasion of the embarkation of the
second detachment furnished by the
colony of New South Wales for service
in South Africa. The colonial gov-
ernment is seriously considering dou-
bling the contingent.

Buller Still at Cape Town.

Cape Town, Oct. 31, Tuesday (delayed
in transmission).—Lieut. Gen. Sir Red-
vers Buller is still here, and it is not
likely that he will leave for a few days.
It is rumored that martial law will
shortly be proclaimed in Cape Town.

Cubans Out for Independence.

Madrid, Nov. 4.—Expatriated Cubans
residing here announce that they are
about to found a paper which shall be
devoted to agitation in favor of the
independence of the island.

Big Strike Imminent.

Berlin, Nov. 4.—Forty thousand met-
al workers are to be locked out here
today unless the workmen of certain
branches of the metal trade resume
work.

Kaiser Goes to Britain Soon.

Berlin, Nov. 4.—The National Zeit-
ung learns that the kaiser leaves on
Nov. 20 for England; where he will
stay fourteen days.

TO SUSPEND THE MILITARY REGIME

M'KINLEY WILL GIVE CUBA A
CIVIL GOVERNOR.

Three Candidates, Gen. Wood, Gen.
Ludlow and Gen. Wilson Under
Consideration by the President for
Such an Appointment—Lee Not
Ambitious.

Washington, Nov. 4.—Congress will
promptly and emphatically support the
Philippine commission and the adminis-
tration. It will pass a joint resolution
declaring it to be the intention of the
American government to retain posses-
sion of the islands, to suppress the
insurrection, to give the archipelago
good government and to accord their
inhabitants the largest measure of local
self-government of which they may
from time to time seem capable. This,
at least, is what the president will ask
congress to do, and there can be no rea-
sonable doubt that congress will promp-
tly respond. Inquires made show that
the republicans of both branches will be
found practically unanimous in support
of this policy, while the opposition can-
not be solidified. In both senate and
house many democrats will vote for such
a resolution. If any doubt that such a
declaration could quickly be put through
the national legislature existed a week
ago, it exists no longer, thanks to the
report of the Philippine commissioners
made public recently.

It Will End the War.

It is believed here that such action by
congress will put an end to the insur-
rection—if indeed, the insurrection be
still in existence when congress meets.
It may be, and it may not, but if it is
the bottom will fall out of it as soon as
all possibility of the success of their
cause in American politics becomes ap-
parent to the insurrectionary leaders.
Already they are reduced to a handful
of bushwhackers under Aguinaldo's con-
trol, and their one hope, the one effect
for which they are standing out, is help-
ful action in this country, either at the
polls or in congress. That this is the
fact, that the insurgents have been mis-
led by their noisy champions in the United
States, is apparent from Aguinaldo's
proclamation advising his followers to
hang on until the congress meets at
Washington.

HOBART IS IMPROVING

Passed a Fairly Good Night, and Re-
quired But Little Medical
Attendance.

Patterson, N. J., [Special Telegram
to The Gazette].—Vice President Ho-
bart passed a fairly good night. He
slept a considerable portion of the time
and required but little medical attention.
At 9:30 o'clock this morning he was
sleeping naturally. The family physi-
cians are encouraged.

Patterson, N. J., Nov. 4.—Although
Mr. Hobart was resting easily during
the day it is admitted that he is steadily
growing weaker. His failure to take
nourishment in sufficient quantities is
responsible for this.

A basketful of flowers was received

from Mrs. McKinley today, and letters

came from Rear Admiral Schley, ex-
pressing the hope that the vice president
would soon be restored to health.

MRS. W. J. SKELLY ENTERTAINS

Gave Delightful Social Function at Her
Milwaukee Avenue Home.

Mrs. W. J. Skelly was hostess Thurs-
day evening at a delightful 6 o'clock
dinner given at her spacious Milwaukee
avenue home. The guests were ladies
who were members of the Bon Ami
card club. The tables were tastefully
and handsomely decorated with roses,
chrysanthemums and smilax. The func-
tion was in the nature of a club reun-
ion and the hours were pleasantly spent.
Games followed the serving of refresh-
ments, the honors falling to Mesdames
E. B. Heinstreet, C. D. Stevens and
Mary Merrill.

KAISER WILL VISIT ENGLAND

He Will Leave Germany Nov. 20 to Stay
Fourteen Days.

Berlin, Nov. 14.—The National Zeit-
ung learns that the kaiser leaves on
November 20 for England, where he will
stay fourteen days. The queen's in-
vitation dated from the spring. She had
wished for the kaiser's visit in October,
but on his excuse she unexpectedly pro-
posed November. No minister will
accompany the kaiser.

water. Mr. Barry is brakeman on the

tee appointed by the National Educa-
tional association to consider the ad-
visability of establishing a national

mending that no such university as
proposed be established.

FOOTWEAR PRICES MAY RISE

Janesville Dealers Say That They Have
Already Been Notified.

Local shoe merchants say that foot-
wear will not be as cheap in Janesville
after the present stocks are ex-
hausted as they now are. The New
England manufacturers, who practically
control the market, have added 15 cents
per pair to the price prevailing during
the fall and all orders for new stock
sent in after a few days will be filled
only at the new price. This is not the
end, as the national convention of shoe
manufacturers, in session at Boston the
other day, declared in favor of a farther
raise of the same amount later in the
season.

Ingles was granted a divorce from her

for action was failure to support. The
interested parties reside in Janesville.

DEWEY MEMORIAL FOR MILWAUKEE

AN EFFORT TO RAISE FUNDS

vember 24—Some Big Deals in

theatre, telegraphed the Sentinel last
night from St. Louis that he had closed
the contract for Maurice Grau for the
appearance of his grand opera company
in Milwaukee on the evening of Nov. 24.
The Chicago & Northwestern Co.
has sent word to Railroad Commissioner
Rice that it will comply with his order
to reduce rates from various points in
the state of Wisconsin. It is expected
the Milwaukee road will also comply

missioner will go into effect after No-
vember 15.

SPORTS HAD A SPECIAL WIRE

Paid Twenty Dollars to Get the Fight by
Rounds.

Fifty local sports invested twenty
dollars last evening in order to receive
the returns of the Jeffries-Sharkey fight
by rounds. They assembled in a local
law office at 8 o'clock and there remained
till the eleven o'clock hour.

From the Western Union telegraph

office special messenger boys were dis-
patched to the law office at the close of
every round and amid wild enthusiasm
the result of the battle was received.

The assembled throng included doc-
tors, lawyers, business men and an ex-
minister. Money changed hands freely
and no less than a thousand dollars was
placed on the result by men who as-
sembled last night in this city. One
west side saloon keeper is out \$800 as
the result of placing too much confidence
in Sharkey.

About the Western Union, Telegraph

office last evening crowds lingered till
the midnight hour clearly demonstrat-
ing that Janesville has many admirers
of the fist art.

Yellow Fever Is Spreading.

Washington, Nov. 4.—Advices to the
surgeon-general of the marine hospital
report ten new cases of yellow fever at
Miami, Fla., Wednesday and Thursday.

JEFFRIES KING OF THE BRUISERS

He Won from Sharkey After
25 Rounds of Furious
Fighting.

AN AWFUL STRUGGLE

Sailor Set a Terrific Pace But
Weakened Toward
the End.

Jeffries' Title to the Championship
Crown is the Referee's Decision—
Battle Was More Like a Succes-
sion of Railway Collisions Than a
Fist Fight—Sharkey Had Two Ribs
Broken and Both Were More or
Less Severely Bruised and Strained.

New York, Nov. 4.—Jeffries is still
king of the bruisers by virtue of a right
hook, but he could not knock out Tom
Sharkey. His title deed to his crown is
a referee's decision after twenty-five
rounds of rough thumping, hugging,
rubbing and wrestling.

The battle for the championship was

more like a succession of railroad col-
lisions than a fist fight. It was a battle
between a buffalo and a bear and the
buffalo had the better of it when the
rules ended it.

Fight Is Furious and Bloody.

Never has there been seen such a
struggle and it was a struggle far more
than a glove fight. Before it was half
done both men were covered with blood
and their massive bodies were battered
and swollen. As far as they had to
they fought according to boxing laws,
but whenever a glove could rub a closed
wound again the glove was rubbed.

From the moment they faced each

other in the ring they worked their
hardest. There were few pretty tricks
of sparring, but there was an abundance
of smashing, crashing blows.

Jeffries Has Hard Task.

They fought between the grill of
lights that burned them; before a blow
was struck the perspiration was pouring
off them. Jeffries found in half a dozen
rounds that he had no easy task, and
for two thirds of the fight Sharkey
seemed about to snatch the slugger's
crown, but it came right for Jeffries in
the end.

That right arm of his, the most mur-
derous weapon in all the world, found
the buttressed jaw of the sailor time
after time, sent him reeling, staggering,
half falling, but still fighting, all about
the ring.

All things were proved by this crash-
ing of the Titans. It was made clear
that the strong, savage fighter is still
the great man of the ring. Sharkey was
on his feet after the twenty five rounds.
Fitzsimmons went down before Shar-
key's adversary without ever having
been near victory.

As a spectacle the championship fight
was a brilliant success. No man in that
crowd of muscle-mad men, but went
away blood-glutted throughout the
fight. Jeffries, Indian, faced, evil
skinned, huge as a shadow in the night,
hammered away on the armored side of
Tom Sharkey.

Two of Sharkey's Ribs Broken.

ADAMS CENSURES IN SEVERE TERMS

STUDENTS IN THE RAID WILL
BE EXPELLED.

President Adams Discusses the Affair of Monday Night at Madison in Which State University Students Were Engaged—Reparation to the Ladies Who Were Insulted.

Madison, Wis., Nov. 4.—President Adams censured in the severest terms the conduct of the men who took part in the affair of Monday evening, in his address before the regular Friday convention of students, in Library hall last night.

"On Monday evening of this week," said the president, "a party of students and street boys, partly in disguise started out to enjoy an innocent prank. It soon became a riot, however, and Ladies hall was not only entered but property was destroyed or carried away for the purpose of exhibiting it as trophies of the escapade. As a result this university, this community, indeed the whole state has been stirred as not before in eight years. Parents send their sons and daughters here that their aspirations may be elevated; certainly not that the young women may have their modesty shocked, and the young men lose their chivalrous natures. But both the parents, faculty and young women have been shocked and outraged. The papers throughout the state are calling for prompt action on the part of the faculty. One father comes from a remote part of the state to take his children from the institution; another alumnus publishes a letter in which he asks of the conduct of the affairs of the university has been turned over to a lot of girls. All this is the inevitable result of the feelings aroused in the minds of the public.

Reparation Due the Women

"There are three things which I wish to say. First, the public opinion of the students should be expressed, the women have already spoken, and I understand the men are to meet soon. What they may do I am not able to say, but whatever it may be I hope it will be a spontaneous expression of how they feel in the matter. Many students whose sanity has returned have already talked with me, and I find the consensus of opinion is that reparation is due to our young women, to the faculty, and to our university, whose fair name has been so vilely smirched. When the dean of Woman's department asked me whether or not I would approve or disapprove of a woman's meeting, I replied that I was willing, but I did not wish in any way either to direct the spirit or control the actions of the meeting, should such a move be taken.

"In the second place though an indelicate matter to refer to, I speak to a body of students, and consequently I speak boldly. Every article, whether of clothing or of anything else, should be returned. No man will hold the right to call himself a gentleman until this is done. I recommend that the articles be sent to the laundry, and from there sent to the hall. I do not wish to force this measure, but I do feel that the sentiment of the student body ought to be so strong that individuality will concur in it, and that the clothing will be returned unsoiled. I wish I might say untainted, by a student's hand.

To Expel Students

"And in the third place, all this will not absolve the faculty in its course. They must act; they have employed no detectives, but they have been diligent. Clues are being followed out and when the evidence is complete action will be prompt and severe. There will be vacancies in the ranks of the students. This matter is of great seriousness. The feelings of fathers and mothers throughout the state will be considered, and though we shall not strike until we are ready, strike we certainly shall."

At a mass meeting of the male students at Library hall resolutions were adopted condemning the actions of those students who had taken part in the affair of last Monday night.

GAME WARDEN AFTER HUNTERS

Local Sportsmen At Lake Koshkonong Are All Warned.

Deputy Game Warden Biesinger made a trip around Lake Koshkonong recently cautioning the hunters about placing their decoy into the lake too far or skulking upon game.

Local sportsmen at Lake Koshkonong

ong have not wanted for good duck shooting during the past few days. The change in weather brought game from all sides and the shooting has even been better than the hunters anticipated. Several from this city have succeeded in securing a goodly number of ducks in spite of the birds remaining well out in the lake.

GREENE BROS. BUY A STORE

Janesville Men Secure Prominent Cigar Stand in Philadelphia.

The Philadelphia correspondent to the New York Leaf, reports the purchase of a popular cigar store in that city by J. L. & M. F. Greene, and says:

R. R. Kesteven has given up possession of his handsome store at the northeast corner of Tenth and Chestnut streets, and has been succeeded by J. L. Greene as proprietor. Mr. Greene, known to the trade as a leading and Janesville, Wis., leaf dealer and packer, has assumed the personal management of the stand, which it will be remembered, was brought into great prominence some years ago by the energetic methods of Sam Welsh, and which, properly directed, should prove one of the best paying corners in the city.

CURRENT HISTORY CLUB IN SESSION

SECOND MEETING AND FIRST
PROGRAM LAST NIGHT.

The Club is a Pronounced and Acknowledged Success—Transvaal and the South African War the Theme Upon Which Papers Were Read.

The Current History Club is a pronounced and acknowledged success. Last evening was the second meeting and the first program of that society. The gathering was at the home of Mrs. W. W. Emmons, and thirty-four were present. Rev. Walter A. Hall was the leader for the evening. W. W. Emmons, president of the club, presided over the business part of the session.

The program proper began with a piano solo, "The Willoughby Cadets," by Miss Leona Stevens. The piece was well rendered. Then followed a paper on "The History of South Africa," in which the whole history of the Dutch settlement, their various immigrations and the aggressions of the English was very clearly and ably presented.

Mr. Hall followed with a talk on the geography of South Africa, pointing out on an outline map all the divisions and towns of importance in southern Africa.

An excellent paper on the "Uitland era" was read by Miss Gertrude Green. "Cecil Rhodes" was the subject of a very good paper by Miss Fannie Brownell. This was followed by a vocal solo "Little Woman" by Mrs. Winnie Carle. The audience was so pleased that she had to respond to an encore and sang "There Little Girl Don't Cry."

This piece was very well rendered. Mrs. Stevens furnished a very good paper on "The Operations of the British." The program was concluded by a timely article on the "Kimberley Mines" by Miss Mildred Hatfield. The article was interesting and well read. All were well pleased. No one went away doubting the success of the club.

The current history idea is quite the idea in many places and it will be here. Many more are going to join. The next meeting will be held next Friday evening at the residence of J. L. Hay and thereafter every two weeks.

HOPES BELOIT ENTERTAINS

Expect a New Depot and Round House From Northwestern Road.

Beloit, Wis., Nov. 4.—[Special Telegram to The Gazette].—The Robinson livery barn was purchased yesterday by Dr. Bell of this city, for a consideration of \$16,000. The Northwestern railroad representatives have been wanting this property and it is thought the object of the purchase is to erect the new Northwestern depot on this land. It is also said that Beloit is to have another passenger train, the vestibuled St. Paul limited that now runs via Janesville and the Evansville "cut off." It is thought the Northwestern road will soon erect a new round house in this city.

The last big football game of the season will be played on Keep Athletic Field this afternoon by the college eleven and Lake Forest. The Beloit team is in excellent condition and are sure to win the game.

Mr. Eohn, residing three miles north on the Janesville road, had his third finger caught in a corn shredder yesterday and it was torn from the hand by the roots. Drs. McCabe and Nye dressed the wound.

TOBACCO BUYERS STILL NUMEROUS

TRAVELING EVERY SECTION OF
ROCK COUNTY.

Results in a Scarcity of Leaf in All Sections—George H. Rumrill Sells 380 Cases—Hail Damaged Tobacco is Being Eagerly Purchased—Several Large Deals Pending.

The tobacco sections of the state have been more thoroughly canvassed during the week than any time before this season and it begins to look as if a general movement of the crop was at hand. By all odds the largest purchases of late are made by the buyers of the American Tobacco Co., whose fifteen or twenty agents have probably placed contracts for upward of 1,000 acres, mostly low grade goods at prices ranging from 3 to 6 cents, says the Wisconsin Tobacco Reporter.

But other buyers are placing contracts outside the hail cut districts and altogether the movement is reaching quite large proportions. The sales quoted cover all grades of the crop.

Packers are enjoying a fair trade in old goods and transactions of the week reaching as are 250 cases sold by Andrew Jensen; about 300 cases by C. L. Cullen and 380 cases of '98 by G. H. Rumrill.

A warm October has succeeded in carrying out most of the late harvested tobacco, which now seems beyond the reach of any shed damage or freezing.

The shipment out of Edgerton, reach twenty-one carloads, 1017 cases, for the week from this station to all points. Since last report 845 cases of cigar leaf were exported from New York.

Headache, fatigue, colds, grip do not stay where "Orangeine" finds its way.

EX-GOV. PECK'S NEW BOOK

Good Advice for the Boys Is the Prominent Feature.

Hundreds of thousands of people who have read "Peck's Bad Boy and His Pal" have been looking for years for something new from Mr. Peck's pen, but for many years he has been enjoying himself in politics, and has not written much. There is, however, soon to be published a new book entitled "Peck's Uncle Ike and the Red Headed Boy," which will no doubt receive a warm welcome from those who have enjoyed "Peck's Bad Boy." Uncle Ike is the old fellow who lets the boy draw him out on almost any subject, and when he gets warmed up, and his old clay pipe gets hot, his talk is good to read. His advice to boys is better than some sermons, but don't sound like a sermon at all.

The book will be dedicated to "The Typical American Boy."

The boy who is not so awfully good, along at first, but just good enough; the boy who does not cry when he gets hurt and goes into all the dangerous games there are going, and goes in to win; the boy who loves his girl with the same earnestness that he plays football, and who takes the hard knocks of work and play until he becomes hardened to anything that may come to him in after life; the boy who will investigate everything in the way of machinery, even if he gets his fingers pinched, and learns how to make the machine that pinched him; the boy, who by study, experience and mixing up with the world, knows a little about everything that he will have to deal with when he grows up; the all around boy that makes the all around man, ready for anything, from praying for his country's prosperity to fighting for its honor; the boy who grows up qualified to lead anything, from the German to a dance to an army in battle; the boy who can take up a collection in church or take up an artery on a man injured in a railroad accident, without losing his nerve; the boy who can ask a blessing if called upon to do so, or ask a girl's ugly father for the hand of his daughter in marriage, without choking up; the boy who grows up to be a man whom all men respect, all women love and whom everybody wants to see president of the United States.

It doubles the joy of the human heart, brightens body and brain. That's what Rocky Mountain Tea will do. 85 cents Smith's Pharmacy, kodak agents.

LOCAL MERCHANTS ARE ANGRY

Are Anything But Pleased Over Slowness of Street Paving.

West Milwaukee street merchants are anything but pleased over the delay of work in paving Milwaukee street from the bridge to High street. They claim that the work should have been done in half the time. They further claim that it has injured their business for the past three months by the closing of the street and team traffic. Contractor Watson says that the delay has been caused by the non arrival of material for the street car company and that he would have had the street all paved by this time had he not been hindered by the street car company.

IVORY SOAP PASTE.

In fifteen minutes, with only a cake of Ivory Soap and water, you can make a better cleansing paste than you can buy.

Ivory Soap Paste will take spots from clothing; and will clean carpets, rugs, kid gloves, slippers, patent, enamel, russet leather and canvas shoes, leather belts, painted wood-work and furniture. The special value of Ivory Soap in this form arises from the fact that it can be used with a damp sponge or cloth to cleanse many articles that cannot be washed because they will not stand the free application of water.

DIRECTIONS FOR MAKING.—To one pint of boiling water add one and one-half ounces (one-quarter of the small size cake) of Ivory Soap cut into shavings. Boil five minutes after the soap is thoroughly dissolved. Remove from the fire and cool in convenient dishes (not tin). It will keep well in an air-tight glass jar.

A FINANCIAL FEAT.

Though an American army of 60,000 men will be operating on the other side of the Pacific by the end of the year the revenue of the United States is greater than the expenses, says the St. Louis Globe-Democrat. Probably no other country ever achieved such a result while prosecuting a war on the same scale. The treasury is ahead on the fiscal year which began July 1 and also ahead on the ten months of 1899 that have elapsed. Last October the deficit of the month was \$14,352,226. This year there is a surplus for October of \$3,000,000. The first surplus since war preparations began appeared last March and was followed by a surplus of over \$20,000,000 in May and June. The first month of the present fiscal year, July, showed a deficit of \$8,506,832, but August, September and October wipe that out with a margin of over \$3,000,000. Since January, last there have been five months with a surplus and four with a deficit. October calls for a heavy pension payment but the welcome monthly surplus is reported as has been usual of late. Unless something unforeseen happens there will be a handsome surplus at the end of the fiscal year.

Before the war the annual expenses of the government were about \$375,000,000, exclusive of the postoffice department which comes within a few millions of paying its way. Revenue is now coming in at the rate of \$525,000,000 a year, including about \$120,000,000 from the war taxes, which like the Dingley tariff, have yielded more than the estimate. These results are due to a high degree of prosperity, and the prosperity is due to the intelligent work of the republican administration and the confidence it inspires. The new congress, republican in both branches, will begin its labors without the least misgiving as to revenue. It is refreshing to find democratic papers urging a reduction in taxes. When they had a democratic administration on their hands deficits piled up steadily, and bonds were sold largely to meet current expenses in time of peace. Now, in time of war, there is more than enough revenue, but a different party is on deck.

Alderman John Peters asks the very pertinent question "of what use is a stone crushing plant, if we cannot use the stone? Has the city a legal or moral right to instal an extensive plant for the sole purpose of crushing stone to sell to contractors?" These are sensible questions, but they simply open up a new subject. They have no bearing upon the question of the legality of the Fourth avenue improvements.

The democratic journals that were charging that the administration was "holding General Lee down," are not repeating the charge these days. General Lee, himself, has spoken, and now the same democratic journals are complaining that he wasn't held down enough.

A man named Chiepas Chocopolous was recently arrested in Chicago charged with littering the street with banana skins, but was discharged for lack of proof. Somebody had littered the street with banana skins, but no witness could pronounce the name of the man who did it.

Has the democratic party left General Fitzhugh Lee and Joseph Wheeler, or have General Wheeler and Lee left the democratic party? It might prevent future disagreements if this fact could be settled, by our democratic friends, immediately.

One hundred thousand people gathered at Topeka, Kansas, to extend a welcome to General Funston and the Twentieth Kansas volunteers, yet not one of them was heard to say anything about "criminal aggression."

Ex-Gov. Peck may be in doubt as to whether a man should wear pajamas or a night shirt, but just at present his mind is well settled on one point—that

ex-governors who go duck shooting should wear a life preserver.

The report of the Philippine commission is exactly as everyone expected it to be—an exhaustive review of the facts in the case; from which facts a logical business conclusion is drawn.

Now that the matter at issue between one James Jeffries and one Thomas Sharkey has been settled, let us return to the subject of the Boer war.

The other papers can abuse the Chicago Inter Ocean as much as they please but the Inter Ocean continues to publish all the "fat" insurance statements just the same.

Some men are born mean, some acquire meanness, and some have meanness thrust upon them—but the latter class needn't notice it unless they wish to.

The man who wears wooden shoes is, however, naturally compelled to "kick" more or less in order to get along at all.

Mrs. Hazen, Admiral Dewey's, bride-to-be is a firm believer in Republican doctrine, and an ardent expansionist.

A NEW HEIRESS.

California Girl Who Has \$4,000,000 in Her Own Right.

It is rumored that Miss Mary Crocker, the 18-year-old California girl who recently came into an inheritance of \$4,000,000 in her own right, is to break into New York's most exclusive society this winter. Miss Crocker is one of the richest heiresses in America. She is a daughter of the late Colonel Fred Crocker, vice president of the Southern Pacific railroad.

Miss Crocker is an orphan and of age. The disposal of her vast fortune is therefore left to her own sweet will. It goes without saying that she is the richest catch in the matrimonial market. Knickerbocker society may be expected to put up no very strong bars against her. In all probability it will open its arms to receive her, because, besides being wealthy, she is refined, beautiful and of a good family.

Mrs. Whitelaw Reid and Mrs. Ogden Mills are both relatives of Miss Crocker, and they will introduce her to New

MISS MARY CROCKER.

York's Seventy-five. She has other distant relatives in the eastern metropolis who will see that her entrance into society is an easy one.

She is not altogether unsophisticated, nor is she wholly without a knowledge of the world. She has spent some years at Dobbs Ferry, N. Y., at school there with the daughters of other millionaires, who have taught her their ways. She has also spent a couple of years in Paris.

She is very sweet, which is one reason why the pseudonym "little" has clung to her even till her eighteenth year. By measurement she is anything but little. Indeed she is uncommonly tall and slender. She has long eyes that are a bit dreamy. They droop at the corners and have in their hazel depths a tinge of yellow. Her hair is a soft, light brown, curling naturally, so that it is most becoming when combed pompadour fashion off her forehead.

Battalions to Mobilize.

London, Nov. 4.—An army order that was issued last night provides for the mobilization of thirty-four battalions of militia at their respective headquarters before Nov. 20. It also directs the proper authorities to embody five militia medical staff corps by Nov. 13.

The Central News states that the Boers have not yet attacked Colenso. The information received by the government shows that the railroad from Durban to Ladysmith is still open.

The war office makes the total British loss in Monday's fight near Ladysmith 54 killed, 218 wounded and 465 missing. The missing does not include the Irish fusiliers or the First battalion of the Gloucester regiment, which are supposed to be prisoners at Pretoria. In the "lost" column, the casualties of these regiments are given as 28 killed and 54 wounded.

A trustworthy correspondent of the Central News at Ladysmith, in a dispatch dated Tuesday, 5:15 p. m., gives an account of Monday's fight. He says: "Although it was a bad day for us it was positively terrible for the enemy. Our artillery fire was appalling. The Boers lost hundreds in killed and wounded. They fell in heaps where our shells burst. Commandant-General Joubert sent a formal written protest to Gen. White against the use of lyddite as inhuman. The British long-range guns are vastly superior to the Boer batteries. The captured column exceeds 800 men. We are sanguine and confident that we can hold our own."

The Ladysmith correspondent of the Morning Post, recording under date of Oct. 31, the arrival on the British right of Gen. Lucas Meyer, with a large Free State re-enforcement, says that further additions to Commandant-General Joubert's strength are expected immediately, notably the Middleburg and Lydenburg commands, the latter under Schalkburger.

Delayed dispatches from Ladysmith say that ninety-five Boers were killed and 200 wounded in Monday's battle.

Warships, Race for Islands.

Vancouver, B. C., Nov. 4.—Mail advices from Australia say that the British man-of-war Borneo has suddenly left Sourabaya for Dutch New Guinea. A German warship, the Jaguar, has also gone in that direction to hoist the German flag at the Carolines and Ladrones islands. It is feared that Germany has taken and will hoist its flag over the Mapia islands, hence the voyage of the Borneo. It is expected that the Borneo will reach the disputed islands before the Jaguar.

THREE WRITE HOME FROM PHILIPPINES

JANESVILLE BOYS ARE WELL AND SATISFIED.

Lieut. L. T. Richardson has been in Japan for two months on account of his health—William Gooden and John McElroy write friends interesting letters.

Lieut. L. T. Richardson, son of Hon. and Mrs. Hamilton Richardson of this city, has been in Japan for ten months having made the trip from the Philippine Islands in order to regain lost health. He is now again on duty near Manila and is in charge of a new command. Judging from the tone of Lieut. Richardson's letter it is quite evident that the United States government is pushing the war these days and intend to rush the insurgents stronger than ever. The rainy season has hindered the work of late but now that more pleasant weather prevails the war will be waged hotter than ever.

John McElroy, son of Mr. and Mrs. Horace McElroy writes that the rainy season has brought on much sickness of late and that the hospitals operated in Manila by the government are well filled. Diphtheria has prevailed at times but was checked by quarantine officers. The best of medical aid is at hand he writes, and the government have neglected nothing that will add to the comfort of sick soldiers.

William H. Gooden, son of Mr. and Mrs. John Gooden, 51 North Bluff street, writes to local friends an interesting letter from the Philippine Islands where he is stationed as a member of one of "Uncle Sam's companies." He says that his health is excellent and that he has entirely recovered from the effects of fever contracted in the Spanish American war in Cuba. Fighting in the rain, he says, is not a pleasant occupation but that is what the Americans have been obliged to do of late in the war about Manila. Fruit, he writes, is plentiful and bananas can be had in unknown quantities merely for the picking.

OPENING OF PEOPLE'S LECTURE COURSE

EVENT AT CONGREGATIONAL CHURCH MONDAY NIGHT.

A Musical Aggregation Which Has Been a Great Success on the Other Side of the Atlantic—Some Other Popular Lecture Course Attractions.

On next Monday evening the opening event of the People's Lecture Course will be heard at the Congregational church. The performance is an absolute novelty, this being their first season in America, having been in this country only since Oct. 1.

On the other side of the water this musical aggregation has appeared with immense success at all the leading institutions.

Miss Carrshaw, prima donna soprano, has a voice of wonderful quality and the balance of the company are equally good.

Congressman J. P. Dolliver is an ideal American, both physically and mentally. The wit and brilliancy of his utterances win for him the good will of every audience before whom he appears. Mr. Dolliver will be heard at the Congregational church Wednesday, Nov. 22.

Prof. George D. Heintz, who appears on the course Monday, Dec. 4, is an attractive speaker. His talks are revelations to his hearers. With his withering sarcasm and tremendous energy he handles his subject with great energy. His theme will be announced later.

The Mozart Symphony club of New York, which appears here on Friday, January 5, will be as interesting as any of the numbers on the course. Each member of the club is a soloist of rare capabilities, and the instruments used by the players are not the every day, commod sort. Miss Florence Flower, prima donna soprano, appears with this club, and is charming and enforces all over the country.

Rev. Wm. A. Quale of Indianapolis, will be heard on Tuesday, Feb. 20. His word paintings and power of description are equalled by none. The entire five numbers on the course are included on the \$1 season ticket, which can be secured at all drugstores.

The pall bearers were: Ed. Smith, A. S. Lee, Edward Rathernam, Peter Leahy, J. G. Wray and B. H. Baldwin.

The funeral of the late Anna Loretta Rooney was held from the home, in La Prairie, at 9 o'clock, this morning and from St. Patrick's church at 10 o'clock. The interment was in Mount Olivet cemetery.

COMMENCING Oct. 13, the C. M. & St. P. One of the most interesting is for a process of improving quality and increasing quantity of illuminating coal gas. This patent was procured by a Milwaukee engineer and may prove exceedingly valuable.
Krupp's Army of Employees.
At the beginning of this year there were employed at Krupp's works, at Essen, 41,750 persons, including 3,210 officials. The cast steel works at Essen alone employ 25,133 persons, the Gruson works 3,548, the Germania wharf, at Kiel, 2,736, and the works at Meppen 10,343. The consumption of coal and coke at the cast steel works at Essen amounted last year to 786,415 tons, and at all the works of the firm to 1,139,610 tons, or about 4,000 tons daily.

WORK ON ELECTRIC LINE BEING RUSHED

MILWAUKEE ROAD'S LINE TO JANESVILLE.

Slow But Sure Are The Railroad Men Working Towards the Bower City—Walworth County Farmers Are Pleased and Are Willingly Helping its Progress.

The Harvard Herald says of the new line of the Milwaukee & St. Paul road from Libertyville to Janesville, that the people of Walworth are jubilant over having a steam-railway through that place. Grading has been prosecuted west and north of Fox lake, and land has been purchased in McHenry county, so that the people along the line have little doubt of the completion of the enterprise.

The people of Hebron also share in the general satisfaction, as it will pass close to the village. It is thought that both Hebron and Walworth will become places of importance. With regard to the location of the line through Walworth, the Harvard Herald says:

The final line surveyed enters the township of Walworth near Isaac Stopple's, passes a little north of the Cobblestone school house, crosses the road near W. O. Clark's farm, on to the L. Z. Beiter property, westerly across the Bagley farm and E. W. Crumb's passing between the house and the latter place, crossing the electric road tracks about 15 rods east of the power house, north of the power house, through Mrs. Ripley's house, passes a little south of the house on the Scott farm, and a little north of the gravel pit on the Church place and crosses the road in a north-westerly direction about half a mile north of Ball's corner.

The surveyors report that unless deeper cuts are made on the Crumb and Church farms, a high grade will be required through the village, possibly trespassing the crossing of the electric road tracks.

TRINITY PREACHER HERE FROM IOWA

REV. J. A. M. RICHEY ARRIVES FROM MASON CITY.

Rev. Maryon Left Yesterday for Kenosha—Has Made Many Warm Friends While a Resident of Janesville—Minister from the Buckeye State Comes Highly Recommended.

Rev. J. A. M. Richey, the newly appointed preacher of Trinity church, arrived in Janesville yesterday and has assumed charge of the local church.

Rev. F. L. Marvon left Janesville yesterday for Kenosha where he has already entered upon his duties as minister of the Episcopal church at Kenosha.

From the pulpit of Trinity church tomorrow morning at 1:30 o'clock Rev. Richey will preach his first sermon in Janesville. He comes highly recommended from Mason City. Prior to his departure, regret was felt on all sides, and he was accorded a rousing reception. Mrs. Richey is the daughter of Judge Bryan of Madison. For the present she will remain in Iowa till the local paragonage is placed in readiness.

Rev. Maryon since being a resident of Janesville has made many warm friends who regret his departure very much.

Cotton Mills in the South.

There is agitation in many counties in Mississippi in favor of following the example of the other cotton states in the establishment of cotton mills. The press is agitating the subject, public meetings are being held, and inquiries are being made for capital, plenty of which, according to the New Orleans Picayune, can be found at home. Two towns have begun active work for the erection of a mill, and there is a demand all over the state to hear a gentleman who recently investigated the cotton mill industry in the Carolinas personally tell of his impressions. The earnestness of the people on the subject is an assurance, a correspondent says, that before another year the spindle will be turning in the sight of the cotton fields.

Electric Omnibuses.

Attempts are being made in Berlin to introduce omnibuses which are propelled by electricity. One of the most interesting has been constructed by Siemens & Halske. It can run on the street railway tracks or on the ordinary pavement. It is provided with a collector which enables the accumulators to be charged from the overhead trolley wires during the journey over the tracks. It is calculated that this vehicle will have no difficulty in making eleven miles an hour and run several miles on one charge.

Spanish War Pensions.

Fewer pensions were granted to soldiers in the Spanish war than was expected, the number being 295. There are now 921,519 names of pensioners on the rolls.

Sound Under Water.

A scientist recently made some experiments on Lake Geneva to demonstrate the power of sound to travel a long way in water. A clock was made to strike under the water, and was heard a distance of twelve miles. In a second experiment the striking of a clock was heard to a distance of twenty-seven miles.

PREDICT OPEN WINTER HERE

Weather Prophets About Town Say That Mild Weather Will Prevail.

Local weather prophets who have made a study of weather indications now predict an open winter. The conclusion is based upon the fact that recent outbursts of warm weather have brought out the re-blossoming of some flowers and trees and there never was a fall where flowers were in blossom a second time, that the mild weather did not follow. It is to be hoped that the prediction may be verified, especially in view of the fact that coal is way up and may climb still higher, if the winter proves a long and severe one.

ASSOCIATED CHARITIES MEET

Work For Men of All Classes Better the Situation Here.

DEMISE OF MICHAEL LENNON

Resided in Janesville When the Town Was Small.

Michael Lennon, a former resident of Janesville, died this week at his home in Durand, Ill. During the early forties Mr. Lennon made the Bower City his home, taking an active part in many affairs of a public nature. He was a man esteemed by all. For several years he labored in the Aiden brick yard, and from this city moved to Beloit. Mr. Lennon was about seventy-five years of age, and death was due to advanced years.

DEMISE OF PERRY HANSON

Clinton Boy Who Was Well Known by Many in Janesville.

Perry Hanson died at his home in Clinton this morning. Death was caused by inflammation of the bowels. Two weeks ago Mr. Hanson was brought home from Oklahoma where he suffered the loss of a leg. He was well known in Janesville and is the son of Mr. and Mrs. C. L. Hanson.

A Pleasant Reception.

Miss Anna Collins gave a pleasant reception Friday evening in honor of Mrs. Mattie Cushman of Beloit. The evening was spent in violin and vocal selections, which were rendered with much ability by her friends. An elegant supper was served at 9:30. The guests present were: Miss Anna Hull, Montello; Miss Irene Wadsworth, River Falls; Miss Theda Lorentson, Baldwin; Miss Jessie Bennett, Madison; Miss Millie Schmittke, Eau Claire; Miss Maggie Welch, city; Miss Grace Sisson, City; Dan Roberts, Baraboo; Jerry Scribner, Oshkosh; Samuel Egdoot, Stoughton; Terrace Knight, Darlington. Miss Collins did herself great credit as presiding hostess during the evening.

Conjecture as to Dewey's Wedding.

Washington, Nov. 4.—It was stated in New York Friday that Admiral Dewey and Mrs. Hazen would be married before Thanksgiving and the announcement was in part confirmed by the fact that Mrs. Hazen has gone to New York to purchase her trousseau. But if the exact date has been determined on it is still a secret. It is considered most likely by the friends of Admiral Dewey and Mrs. Hazen that the ceremony will take place in the house of the bride's mother, Mrs. Washington McLean, at K street and Connecticut avenue, and that a Catholic prelate will officiate.

Woodruff Is a Candidate.

New York, Nov. 4.—Senator Dewey is authority for the statement that Lieut. Gov. Timothy L. Woodruff of Brooklyn is a candidate for the vice-presidency. The junior senator from New York has declared to friends that Mr. Woodruff not only was a bona fide candidate to succeed Vice-President Hobart, but that he had already secured the promise of Senator Platt's support, and had asked Mr. Dewey for his aid in obtaining the prize.

Boers Gather in Zululand.

Durban, Nov. 4.—A letter from Eshewe, Zululand, reports that there are from 2,000 to 3,000 Boers with several guns to the northward of Zululand, and that they are ready to march.

SHORT SKIRT CRAZE SHOCKS THE TOWN

JANESVILLE WOMEN OVERDOING THE STYLE.

Trailing Dresses Seem to be a Thing of the Past on Bower City Streets—Skirts That Just Reach the Ankle Are the Proper Thing Here—For Comfort's Sake.

Women throughout the Bower City are now involved in the short skirt craze. For comfort sake and not style many have discarded the long trailing skirts for ones that miss the ground by several inches. In most cases the change seems to be an improvement. On the other hand there are instances that had better go unmentioned. The greater portion of these short skirt wearers have adopted the skirt that reaches to the ankle. Several have disregarded the rule and have carried the style to an extreme.

By extreme is meant a shortness that makes the wearer more than conspicuous while on the streets. On Milwaukee and Main streets of late women have appeared wearing skirts that reached as near the knee as they did the ankle. Janesville is not the only town in this section of the country where short skirts are in vogue. Local dry goods merchants have recently laid in large purchases of these short skirts and sales have been brisk. Dressmakers are also busy with orders. The outcome of the short skirt craze will be awaited with much interest in this town.

A Michigan Miracle

Speech Restored after Nearly 13 Years.

The Ypsilanti Commercial, Ypsilanti, Mich. "Many things appear miraculous that are really the result of natural laws, the workings of which can be accurately predicted. A striking example of this occurred in a prominent Michigan family recently, and there can be no question as to the truthfulness of the narrative since it is attested by Mrs. Harriet Begole, of Ypsilanti, Mich., a sister-in-law of Mr. Joshua Begole, who was Governor of Michigan in 1883-4. Mrs. Begole said:

Mrs. Harriet Begole.

"In 1889 I suffered from a severe illness, during which my voice left me and I did not speak above a whisper for nearly 13 years. I was treated by five local physicians and afterward consulted leading specialists of New York. They diagnosed my case as partial paralysis, stating that the left side of my throat was entirely paralyzed, the right side partially so. For nearly eight years I have suffered from a severe stomach disorder and about a year ago I decided to try Dr. Williams' Pink Pills for Pale People.

"My stomach trouble was relieved, my general health became greatly improved, and to my surprise I regained control of my vocal organs. I have used five boxes of the pills and last November I spoke aloud for the first time in almost 13 years. I am now 71 years of age and have full control of my voice."

(Signed) Mrs. Harriet A. Begole.

Sworn to and subscribed before me this 10th day of May, 1899, at Ypsilanti, Michigan.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatitis, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, and all forms of weakness either in male or female.

WITH THE ADMINISTRATION.

Report That Congress Will Support the Philippine Commission.

Chicago, Nov. 4.—The Herald's special correspondent at Washington sends the following:

"Congress will promptly and emphatically support the Philippine commission and the administration. It will pass a joint resolution declaring it to be the intention of the American government to retain possession of the islands, to suppress the insurrection, to give the archipelago good government and to accord their inhabitants the largest measure of local self-government of which they may from time to time seem capable. This, at least, is what the president will ask congress to do, and there can be no reasonable doubt that congress will promptly respond. Inquiries made show that the republicans of both branches will be found practically unanimous in support of this policy, while the opposition cannot be solidified. In both senate and house many democrats will vote for such a resolution. If any doubt that such a declaration could quickly be put through the national legislature existed a week ago, it exists no longer, thanks to the report of the Philippine commissioners.

"It is believed here that such action by congress will put an end to the insurrection—if, indeed, the insurrection be still in existence when congress meets."

May Abandon the Big Parade.

Des Moines, Nov. 4.—Reports from the Fifty-first Iowa volunteers, en route from San Francisco, say the trains are losing time, the rear or third section having fallen back 120 miles behind the head section. There is therefore no certainty when the trains will reach Council Bluffs. The plan has been to hold the head sections just outside of Omaha and bring all three into Council Bluffs together. It is possible the regimental parade in Council Bluffs may have to be abandoned or curtailed to get the boys home the night before or the morning of election.

France Is Making Ready.

Paris, Nov. 4.—There was excitement in Paris over the news of the arrival of the British fleet off Gibraltar, and in certain political circles of France. It is believed Great Britain would be glad to attack France if a fair chance was offered, using as a pretext for war the Madagascar question, which has for a long time been a thorn in Great Britain's side. Added color is given to this idea by the departure of extensive stores of ammunition, food and provisions dispatched to French ports.

EASILY PROVEN.

There is Not the Slightest Necessity for Leaving Janesville to Look for Proof.

The experience given below, by this well-known citizen of Janesville is easily proven. The proof be off-ers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the 11 caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Janesville cannot ask for any better authority on this point than that given by Veteran A. F. Lee, of 51 Sharon St., carpenter, who says:

"For twenty years it troubled me a great deal, many days I could hardly keep at my work, but by right's shoud have staid at home and doctored. It was at about my 40 I did not die, and I have been completely laid up for three or four days at a stretch. When at work, I find it in my back, and the kidneys, the secretory organs were so irritable, and accompanied by pain. I used all kinds of remedies but in vain. I read of the 'Doan's Backache Kidney Pills at the People's Drug Co.' and took a box, and the first three or four doses a noticeable change was brought about. I continued to take them until I was on completing the treatment I was in good condition and am now well."

FIGHT TWENTY-FIVE ROUNDS.

Magnificent Battle for the Prize Ring Championship.

CONTESTANTS WELL MATCHED.

[Continued from page 1.]

There is one point that stands out more prominently than anything else, and that is that Jeffries was not able to toy with Sharkey as he did with Fitzsimmons. Sharkey fought with splendid judgment from the very start. He forced the fight just as Fitzsimmons did, but with better judgment. Jeffries was the same cautious, careful

THOMAS SHARKEY.

fighter, and took no chances until he thought he had his man where he wanted him. He did very little leading in the first twenty rounds. He let Sharkey do that, and the sailor certainly made things warm every minute of the time.

Jeffries' plan of action was to stay away until the sailor tired himself out, then go in and mix it up. This plan of action convinced the referee that Jeffries was entitled to the decision, for when the champion did cut loose he made Sharkey have visions of Queer street, although he was not squarely knocked down at any stage.

Inability to knock Sharkey out came in the nature of a surprise to those who had heard of the champion's wonderful punching ability. The fact that Fitzsimmons was knocked out so handily made it appear an easy task for Jeffries to accomplish the trick again. His failure proved beyond the question of doubt that Sharkey has improved wonderfully.

Sharkey's wonderful condition was one of the reasons why he stayed the limit. Although Jeffries hammered him with all his might in the last five rounds, the sailor never lost control of his legs, and was not felled by the force of any blow. He was simply in distress, but so powerful that he could not have been beaten down with a meat ax. Sharkey tested Jeffries' strength, too, and it was remarkable.

The sailor rushed incessantly during the greater part of the fight and had very little trouble in landing his left hand on Jeffries' jaw. He swung repeated jolts that were powerful enough to knock an ordinary pugilist out in jig time, but beyond a slight rocking of the head Jeffries did not show any sign of pain. Jeffries used head work during Sharkey's attack by driving in right-hand body punches in almost every round. These blows undoubtedly weakened Sharkey, but they were not so effective as the left-handers which Tom received on the jaw during the last stages.

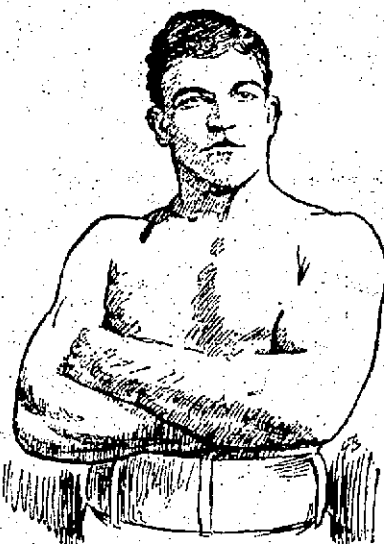

The fact that the men battled for twenty-five rounds, without a square knockdown, shows that both were marvels of physical strength, for both

hit like pile-drivers, and both landed. Sharkey's best fighting was done in the first fifteen rounds. In the seventh he had Jeffries guessing. Tom was so aggressive that the champion made no effort to rush him and mix it up. In fact, when each round began, Jeffries waited for Sharkey to come after him. His unwillingness to take a chance surprised almost everybody, for they had been led to believe that Jeffries would cut the pace out and put Sharkey to sleep in short order.

Instead, as the fight progressed and Sharkey never ceased his attack, the opinion gradually gained strength that if Sharkey should continue the fight as he had been doing it would be victory for Sharkey on work and points. Jeffries began to improve in the eleventh round, and in the twelfth he tired Sharkey out by going to him for a mix-up. Sharkey's strength was so great, however, that Jeffries did not think it advisable to keep up this plan. In the thirteenth and fourteenth Tom had a marked advantage, and in the fifteenth, which was one of the fiercest rounds of the fight, Sharkey almost broke the champion's nose with a left-hand smash.

The blood spread all over Jim's face and made novices believe that he was on the point of being beaten decisively, but blood does not always mean distress in a prize fight, and in this case Jeffries was not weakened. In the very next round he held his own, but he still refused to set the pace. It was pleasanter for Sharkey to do that, and Jeffries felt confident that he could land just as effective punches with the sailor coming to him as he could by chasing him around the ring.

In the seventeenth and eighteenth rounds Sharkey had an advantage because he kept on with the leading. Jeffries could not block him off or punch him off, and incidentally took many hard knocks. In the next two rounds Sharkey was, perhaps a bit tired, although he did not show it. But in the twentieth round Jeffries began to take advantage of his long reach, and with well-directed smashes he soon had Sharkey in trouble. It was the same thing in the twenty-third, and in the twenty-fourth Sharkey was again the recipient of heavy punches, but he did not flinch and broke no ground. Instead of running around the ring to escape, he

JAMES JEFFRIES.

stood up to the gaff manfully and fought with wonderful pluck. He was dangerous, even though Jeffries had him weakened, and the latter, knowing that, possibly refrained from letting himself out too much and thereby running the risk of receiving a chance blow.

In the last round Jeffries maintained his advantage and Sharkey was staggering when the champion lost his left glove. It was a peculiar accident. The glove slipped off as Jeffries broke away from a clinch in which Sharkey fell to the floor. It was picked up by Siler, who tried to put it on. Sharkey wanted to go on with the fight, regardless of the fact that one of Jeffries' hands was bare, and there was a grand-stand mix-up which was probably studied for the pictures.

There is no doubt that when the fight ended Sharkey could have gone on and probably could have fought with as much strength as he did at any stage of the fight. His recuperative powers showed that to be a possibility for him at any stage. For that reason, and for the additional reason that he forced the fight and landed almost as many blows of effect during the mills as Jeffries, his friends believe that he should have got the decision. O'Rourke declared that if he was not entitled to the fight, none of his pugilists ever won a fight.

Fitzsimmons has an agreement to meet Jeffries within two months, and if they fight it will take place at the Coney Island club. Sharkey will issue another challenge to fight.

When Sharkey left the building he looked to be in pretty bad shape, compared to Jeffries, who walked out with a lively gait and joined his friends in the celebration of his victory.

Mr. Hobart Has a Good Day. Paterson, N. J., Nov. 4.—Shortly before midnight Vice-President Hobart was sleeping soundly with every indication that he would pass a restful night. He rested well during the entire day. His pulse was strong and he suffered in no way. His family and friends are much encouraged by his condition.

WEEKLY REVIEW OF TRADE.

Enormous Sales of Wool at Boston a Feature.

WHEAT EXPORTS SMALLER.

Bradstreet's Says the Business of the Country Reached Its Highest Mark During the Month of October—Failures Are Not Important.

New York, Nov. 4.—R. G. Dun & Co.'s weekly review of trade says: "A little decline of $\frac{1}{2}$ cent in wheat and $1\frac{1}{2}$ cents in corn does not hinder exports, though it is some evidence that growers think they have ample supplies. Atlantic exports of wheat for five weeks have been (flour included), 15,686,599 bushels, against 18,182,631 bushels last year, and Pacific exports, 2,713,551 bushels, against 3,917,434 bushels last year. Western receipts of wheat have continued heavy but have not rivaled last year's extraordinary outpouring, amounting to only 35,958,087 bushels in five weeks, against 49,640,791 bushels last year; but the western corn receipts ran ahead of last year's in the same weeks, and the exports have, been 18,648,044 bushels, against 11,558,158 bushels last year.

"The enormous sales of wool at Boston—21,557,500 pounds reported, making 25,368,700 pounds at the three chief markets for the week—are extremely important. Expectation of higher prices at London prompts much speculative buying, but the demand for woolen goods is also undeniably encouraging."

Bradstreet's says: "If the aggregate of bank clearings in the country outside of the metropolis is a trustworthy index, as it no doubt is, the country's trade reached its highest mark in the month of October. Prices certainly show marked strength in view of the proportions of earlier advances."

"Business embarrassments for October furnish very satisfactory comparisons with corresponding months of the other years. There were 816 failures, involving \$6,774,000 in liabilities, a decrease of 21 per cent in number and of 54 per cent in liabilities from October a year ago, and comparisons with earlier years are even more favorable."

AMERICANS AT BONGABONG.

Troops Swim the River, but the Enemy Makes His Escape.

Manila, Nov. 4.—Chase's troop of the Third cavalry and Riber's troop of the Fourth cavalry swam the river and surrounded the garrison at Bongabong, entering the town. The enemy escaped. Six rifles and a quantity of ammunition were captured. Castner's scouts had a skirmish with the insurgents near Alaga, killing five.

Manila, Nov. 4.—The insurgents attempted to ambush Capt. Batson's scouts between Santiago and Saragosa, but Capt. Batson charged them and drove them out from their position, killing and wounding several of them. One American officer was killed and a private wounded. Gen. Young's troops are beginning to live on the country, trying buffalo meat and rice partly in lieu of army rations. The captures of the Talouera arsenal include thirteen small brass howitzers and 800 one-pound projectiles.

Major Bell's regiment yesterday advanced from Guagua on Florida Blanca, which was found to be deserted. Bishop's battalion is stationed there. Major Bell also made another descent upon Porac, pursuing the Filipinos thence into the mountains and capturing their horses and baggage. The American loss was one killed and two wounded. Major Bell reports that he entirely destroyed the insurgent cavalry that was operating in that section.
